Design inspired by the local environment with its flora and fauna: at Yabuli the decor is based on characters with headaddresses inspired by the fruits of local trees (maple, walnut, oak, plum and alder) to introduce the children (aged 4 to 10) to the pleasures of living in harmony with nature, and satisfy their curiosity

- G.O@s with a passion for their job(1)

- Skiing or snowboard lessons given by professional ski instructors, creative activities and games for the different age groups

- Opening hours that allow parents to make the most of their day's skiing, and respect the children's desires and sleeping patterns
