Private tour

Program: Casablanca – El Jadida – Marrakech

Day 1 Casablanca airport – Hotel

(D)

Flight ... at 00:00

Arrive at Casablanca airport. Meet and greet by your driver/guide, then transfer to the hotel.

Enjoy the city tour of Casablanca, the economic capital of Morocco and its largest city. Begin with an inside visit of Hassan II mosque, the largest mosque in the country and one of the largest mosques in the world. Continue to Ain Diab Corniche for a pleasant stroll along the coast. Your next stop is Mohammed V Square in the city center. The city tour includes also the Habous Quarter, one of the oldest areas in Casablanca. The district was built by the French in the 1930s as an attempted solution to the ongoing housing shortage. It marries the best of traditional Moroccan architecture with modern facilities and French ideals - even the mosque fronts onto a strip of grassy lawn just like a village church.

Welcome dinner at Ricks Cafe or similar.

Overnight in Casablanca.

The city was seized in 1502 by the Portuguese and controlled until 1769, when they abandoned Mazagão, their last territory in Morocco. Upon their forced departure, the Portuguese destroyed the Governor's Bastion and evacuated to the Portuguese colony of Brazil, where they founded new settlement Nova Mazagão (now in Amapá).

The type of grass used, the Paspalum, a Platinum variety, is the ultimate choice for fairways, tees, and roughs. Dark green in color, it is particularly resistant to salt water. Services and reception is run entirely by Troon Golf, world leader in the management and development of golf courses. Troon Golf provides unrivalled service and hospitality. International professionals trained by Troon Golf are also highly qualified and deliver high-level tutelage. This monument inspired other buildings such as the Giralda in Seville in Spain and the Hassan Tower in Rabat. Stop next at the Bahia Palace. This Palace was built in the late 19th century and was intended to capture the essence of the Islamic and Moroccan style. Stop next at the Saadian tombs, which is a site that dates back to the time of the sultan Ahmad al-Mansur (1578-1603). The tombs were discovered in 1917 and were restored by the Beaux-arts service.
