After some time here to browse or buy, we travel to the impressive Central Market, one of the city landmarks. Originally completed by the French in 1937, this striking structure is known as **Psar Thmei** in Khmer or New Market. The huge dome is wonderfully ventilated, a testament to the design, and this market is loaded with anything and everything available in Cambodia. Buy with caution, as this market has a reputation for overcharging or 'shaving your head' as Cambodians like to call it.
