In Chuxi Village, there are five round clusters and many square clusters, scattered on mountains. A small path made of cobblestones links these clusters. Behind the buildings are terraced hills and dense forests. The most well-known clusters are Jiqinglou, Yuqinglou, Gengqinglou, Shengqinglou, Shanqinglou and, Xiqinglou.

**Yuqinglou:** Three massive round clusters are situated near the entrance of Chuxi village, Yuqinglou is the one on the left. It was first built in 1900. Last renovation was in 2010. The house owner Mr. Xu turned it into a family-run hotel, simply facilities for bed and breakfast. Some rooms have shower and toilet, many rooms do not have, you need to go to the first floor for public toilet. Rooms are quite clean anyway. It is quite an experience to live there.
