It is situated on the historical Silk Road, which started with the Hittites of Nallihan town, which is 160 Km away from Ankara.

Meet with tour guide in hotel lobby at 08:00 and continue to Nallihan.

We arrive to ancient **Juliapolis** city before Nallihan. Ancient city founded by Phrygians in the 1st century BC. We see rock tombs, caves and necropolis on the historic silk road in the Gulşehir – Çayırhan.

We see the Nallihan Bird Sanchtuary, which is 600 m above sea level, is 425 hectares. It hosts about 200 various birds. Migratory birds live here in spring and autumn months.

One of the most striking features of **Nallihan Bird Sanchtuary**. its mountains consisting of yellow, brown and red beds. These colorful hills are the first attention-grabbing details in the region's photographs. The sedimentation due to its geological structure and the climbing of the earth and rock layers in different magnificent colors ensure that such a wonderful view is formed.

Nallihan is the favorite food of the forest kebab with the feature that you must taste delicious local dishes. It is located in the village of Emrem Sultan and Tekke Village of Nallihan, the tomb of Taptuk Emre and Kiz Bacım Sultan of Yunus Emre.

Then we arrive to Nallihan we take a delicious lunch in local restaurant.

We are able to visit the streets where local people live and chat with them in coffee houses and drink tea or coffee together with them. The farmers selling fruits and vegetables that they organically produce on the fields will save you from the robotized market and virtual trading environment in a short time.

Most important that is; Nallihan *women's hand-woven needle lace is displayed with silk dancing.*

You may buy for you and for your friends hand-woven needle lace will be the best gift for them.
