along the coast passing Bredebugt, the settlement of Oqaatsut and the big fiord system called Pakitsaq, where whales and seals often are seen. Further on through the Ataa Strait, which is surrounded by steep mountains with bird life and waterfalls. Our ice secured boats lie approximately 2 hours in front of the glacier and wait for the ice to calve, while a delicious lunch is served. Day 6 Ilulissat

Breakfast at Hotel. Today morning we will take a **2hrs Guided Walking Tour of Ilulissat** with our expert guide. The town is the third largest settlement in Greenland and its proximity to the twenty-five mile long ice fjord and Jakobshavn Isbrae Glacier have made it the island's major tourist center. Our walking tour will focus on the geology of the glacier and the history of the town. We'll visit the old town, the fishing harbor and the original buildings from the first Dutch trading station on the island. The afternoon is free to explore the island on your own. Tonight we'll embark on **Evening/Midnight Sun Cruise sailing among the icebergs (Cruise Included)**. The midnight/evening sun gives the icebergs a unique play of colours that people return to experience again and again. Sailing during the night with the sun still shining is a fantastic and unusual experience. Almost every visitor in Ilulissat chooses to try this boat trip among the icebergs at least once. During the year, more than 46 km of ice flows into the fiord. The result is gigantic icebergs, which can be more than 100 metres on each side and with a height on more than 100 metres above the water surface. These giants stand at the end of the fiord, and that gives a good opportunity to sail among them. The icebergs are beautiful every kind of weather; in the sunshine the contrasts are very clear, the blue shades are very beautiful, when it is cloudy and the midnight sun casts a unique glow on the icebergs during the night. The boat trip at bright night is definitely an extraordinary experience. Because of the proximity of Ilulissat to the Arctic Circle the night sky is still dominated by the midnight sun and the red and gold colors reflecting back from the icebergs is truly an once-in-a-lifetime experience. Our ship carefully winds its way through the massive blocks of ice before returning us to the harbor and hotel for the remainder of the night. Overnight at Hotel.
