

Sunway Lagoon

At **Sunway Lagoon**, a world of fun and excitement awaits. Delve into more than 80 rides and attractions at the family-friendly water park. Named Asia's Best Attraction by the International Association of Amusement Parks and Attractions, Sunway Lagoon is full of superlative thrills. The park boasts the world's first Waterplexx 5D, Malaysia's first surf simulator, the country's longest pedestrian suspension bridge and the Vuvuzela, the world's largest water ride. In the Waters of Africa, catch waves on a body board, float down water rapids or cross the suspension bridge high above the pool. The Amusement Park packs plenty of excitement, too. Go for a stomach-lurching spin on a 360-degree pirate ship ride or throw your hands up on a high-speed rollercoaster. The youngest visitors can get in on the fun too at imaginative, themed playgrounds.
