1. **Sutera Harbour Golf & Country Club (City Area)**

The golf course plays between the shores of the South China Sea and overlooks several offshore islands. The Sabah golf course comprises the Lake Course, Heritage Course and Garden Course and combines nature with clever routing, challenging fairways and greens, as well as strategically placed bunkers.

**Designer:** Graham Marsh **Course:** 27 holes par 72/36 (6316 meters)

2. **Dalit Bay Golf & Country Club (Out-skirt area)**

The course was designed to fit in with the local and rustic environment of Sabah Malaysia and rivals the world's great golf resorts. Spectacular views of Mount Kinabalu, South-East Asia's tallest peak, are afforded from most holes and the best time of day to catch a glimpse of this peak is early morning before the daily clouds and fog roll in.

**Designer:** Ted Parslow **Course:** 18 holes par 72 (6369 yards)

3. **Sabah Golf & Country Club (City area)**

Sabah Golf and Country Club is Sabah's oldest 18 holes golf course and is popular with keen golfers throughout Sabah. This picturesque course first opened in 1976 and during the last 37 years its membership has grown significantly. Likewise, it is a popular course for those visiting Sabah. Located centrally in Kota Kinabalu, the course offers beautiful views towards the majestic Mount Kinabalu. And with its wide and undulating fairways, fast greens and water features it provides a challenging test to all playing abilities.
