The memorial hall is white with a blue roof, representing the dominant colors in the ROC flag. A bronze statue of Chiang looks west symbolically to the Presidential Office Building and mainland China.

Jiufen: It is said that long time ago there were only nine families in Jiufen. Before the roads on land were built, all materials were transported via ships. Thus a habit was formed that nine pieces of same object were purchased at one time for reservation. Hence, the place was called Jiufen.

Taroko National Park: Taroko is famous for its spectacular mountains and marble canyons. Cliffs and canyons stretch along Liwu River. Four million years ago, the island of Taiwan was formed by the collision of plates. After millions of years of wind erosion, the marble rocks were exposed and cut by Liwu River, creating impressive grand canyons.

Fo Guang Shan Buddha Memorial: The Buddha Museum was constructed with the intention of enshrining the Buddha's relic. The Sanskrit word "sarira" refers to the relics of a sage, which usually appear in crystalized form. The relic is perceived as a sign of the sage's spiritual cultivation over a lifetime.

The Pier-2 Art Center: It was once an abandoned and forgotten warehouse buried in history, However, with a group of persistent artist who injected waves of creativity and inspiration into the area, the Pier-2 area was released and re-born making the region a place where tourist and locals can come together to enjoy fine art. With the collision of an old area and new fine art, Pier-2 becomes an area of new vitality and liveliness.

Banana Wharf: This two-story canopied structure was built at Kaohsiung Harbor's Wharf No. 3 in 1963. The open-air design, unique among storage facilities at the port, enabled the natural ventilation required for storage of bananas. Modernization and declining banana exports eventually consigned the Banana Warehouse to the annals of history.

Night Market: Night Market serve snacks and provide entertainment and games for recreation, the garments/apparels and groceries are rarely seen in the market. In particular, the dozens of steak houses boom around the market offering beef steak at reasonable price or family-size package meal. No matter what you like to have, a variety of delicious food, specialties, cold drinks, ices and seafood here are offered for

Sun Moon Lake: The Sun Moon Lake National Scenic Area is praised for its five major recreational systems. Divided by Lalu Island, the Sun Moon Lake scenic area got its name from the unique terrain that looked like a sun on one side and a crescent moon on the other. Crowned as one of the Eight Wonders of Taiwan. Sun Moon Lake is also the most famous source of hydroelectric power.

Wenwu Temple: The architecture of the temple has the palace style of northern China. It is a large and imposing structure. The bronze statue of a seated Confucius makes this also the only Confucius temple in Taiwan that contains an image of the sage.
