Day 03: Pyramids of Teotihuacan and the Shrine of Guadalupe

Teotihuacan, 'the place where gods were created', is one of the most impressive archaeological sites of the country. The history of Teotihuacan is quite mysterious. The earliest buildings were constructed around 200 BC. It is assumed that the city may have counted 200,000 inhabitants during its period of prosperity. In those years, Teotihuacan was the biggest city of the American continent and one of the biggest of the world. Until its inhabitants abandoned the city around the 8th century, Teotihuacan was probably the most significant and civilized cultural center of

ancient Mexico. During this guided excursion you will encounter the magic and mystery of Teotihuacan. Admire (and climb?) the Pyramids of the Sun and the Moon. Walk down the Avenue of the Dead, visit the Temple of Quetzalcoatl with its unique stone sculptures of plumed serpents, the Temple of the Butterflies, and the Fortresses. Before arriving back at your hotel, we make a stop at the Shrine of the Virgin of Guadalupe, a pilgrimage place for millions of Mexicans and people from all around the world.
