GOLF CLUB:

Vietnam Golf & Country Club is set amongst 300 hectares of land and is comprised of two championship golf courses. Both courses have been carved out of existing woodlands with minimal land movement. Golfers at Vietnam Golf & Country Club get the feeling that the land was destined to be a golf course, so natural is the lay-out and design.

The 18-hole Korean owned course was developed by Ron Fream's Golfplan Company from the USA. The out and back layout is typical of top resort courses. The tips stretch out to over 7500 yards, but there are forward tees for those looking for a more relaxed round of golf.

Heavy bunkering on most holes of this otherwise flattish land adds interest and enjoyment throughout the golf course and

poses challenges even for the most serious professional golfers. Wall-to-wall Paspalum grassed fairways, greens, and tees insure good conditions and favorable ball lies.

LET'S SWING:
