## VFT- O13: CU CHI TUNNELS HALFDAY

- Located 60km from HCMC, Cu Chi is now a popular spot for both Vietnamese & foreign tourists - **the network of over 200km of tunnels** became legendary when they played a vital role in the War. In their heyday, the tunnels were functioning **underground cities** including numerous trap doors, specially constructed living areas, storage facilities, weapons factories, field hospitals, command centers & kitchens.
- Today, ducks and water buffalos happily co-exist in the rivers along the side of the road. However, the peaceful rural rice paddy scenery belies the area's violent history. Visitors will find it hard to imagine the destruction, damage & defoliation over this whole area, caused by bombing and mines. There is plenty of evidence of the fierce battle that took place here during the 1960s when Cu Chi was a "**Free Target Zone**".
- Start our tour in the morning, before entering the tunnels visitors can watch a **short introductory video** showing how the tunnels were constructed. You will spend the next hour exploring the tunnels. Afterwards, enjoy tea, cassava (guerrilla's food during the war). Return to Sai Gon.

A traditional Vietnamese orchestra provides accompanying background music. Singers originating from north Vietnam sing songs which tell the story being acted out by the puppets which are carved out of wood. Although the authentic shows are exclusively in Vietnamese, the tales depict rural life in villages and are easy to understand. The shows typically last for one hour and offer a colorful way to enjoy an ancient tradition.
