

Sunset Dinner Cruise

Create memorable experiences with friends or family as you kick back and relax aboard a yacht that takes you around the waters of the Andaman Sea! As the boat sails out into the open sea, enjoy the breath taking views and free flowing drinks that come with your Sunset Cruise package. Come in your swimming attire and diver into the waters from the boat, or laze around the jacuzzi net attached to the back of the vessel, so you can stay harnessed to the yacht even as it sets out into the sea. Watch the sun set as you dine on a scrumptious BBQ dinner with cuisine that varies from crab, lamb, satay, and more! This sunset dinner cruise is definitely one of the best ways to experience Langkawi's archipelago. Plus, available round trip transportation makes your travel experience all the more convenient!
